FRIED ONIONS

Indirectly Caused the Death of the World's Greatest General.

It is a matter of history that Napoleon was a gourmand, an inordinate lover of the good things of the table, and history further records that his favorite dish was fried onions; his death from cancer of the stomach it is claimed also, was probably caused from his excessive indulgence in this fondness for the delicious vegetable.

The onion is undoubtedly a wholesome article of food—in fact, has many medicinal qualities of value, but it would be difficult to find a more indigestible article than fried onions, and to many people they are simply poison, but the onion does not stand alone in this respect. Any article of food that is not thoroughly digested becomes a source of disease and discomfort whether it be fried onions or beef steak.

The reason why any wholesome food is so promptly digested is, because the stomach lacks some important element of digestion, some stomachs lack pepsin, others are deficient in gastric juice, still others lack hydrochloric acid.

The one thing necessary to do in any case of poor digestion is to supply those elements of digestion which the stomach lacks, and nothing does this so thoroughly and safely as Stuart's Dyspepsia Tablets.

Dr. Richardson in writing a thesis on treatment of dyspepsia and indigestion makes his remarks by saying: "For those suffering from acid dyspepsia, shown by sour, watery risings, or for the indigestion shown by gas on the stomach, causing heart trouble and difficult breathing, as well as for all other cases of stomach trouble, the safest treatment is to take one or two of Stuart's Dyspepsia Tablets after each meal. Golden Wedding of Dr. and Mrs. J. J. Enisor, Dr. Enisor Wears a Long Beard That Has Not Been Cut Since His Wedding Day.
(Special Dispatch to The Times.)
BRISTOL, VA., Feb. 15.—John Beard, who left Bristol the first of the year to travel in Arkansas, as the representative of the Andrews Manufacturing Company, of Bristol, played in hard luck near Jonesboro, that State, recently.
While traveling in a buggy along an obscure highway, he was confronted by three masked highwaymen in broad day. They leveled Winchester rifles on him and demanded his money.
Mr. Beard, who is a young man, was very much frightened, but denied having any money. The highwaymen, however, were not willing to let him pass upon his word. They rifled his pockets and secured \$15.32, including some postage.
"I TOOK ALL EXCEPT HIS LIFE."
He had a good overcoat, and the highwaymen also took that. They did not shoot him, as he had very much fear they would do, but ordered him to get out of the community as rapidly as his horse could carry him. Mr. Beard lost no time in obeying orders. He writes that he might so much mind the loss of money as the nervous shock.
Dr. and Mrs. J. J. Enisor, old and popular residents of Bristol, on Wednesday of this week celebrated their golden wedding. The living children and grandchildren were all present, and a good dinner was served. Flowers were sent by Miss Annie Anderson, a relative of the family, who resides at Knoxville.
Both Dr. and Mrs. Enisor are nearing 50 years of age.
A FINE OLD BEARD.
The doctor wears a long handsome gray beard, and he has not shaved off at any time since the happy wedding day. The aged couple have not been very well this year, but were feeling better than usual on the anniversary occasion.
The Fairfax-Roberts Hardware Company, of Roanoke, opened a large retail business in Bristol this week. The firm occupies one of the best buildings on State Street, which they secured only by the removal of the Simpson Action Company to its own building.
Wood & Company, retail dry goods and notions dealer, sold an entire stock this week, amounting to about \$10,000, to W. R. Little, a Bristol broker. Mr. Little will continue the business.
NEW TELEGRAPH LINE.
The Western Union Telegraph Company has just completed a new line between Bristol and Mountain City, and the latter place now has a telegraph office for the first time in its history.

AFFAIRS IN BUCKINGHAM.
Marriage of Mr. Blankenship to Miss Duncan Dr. Lacy to Hold Series of Meetings.
(Special Dispatch to The Times.)
SHEPPARDS, VA., Feb. 15.—A very quiet marriage took place Wednesday evening at 3 o'clock at the home of Mr. and Mrs. J. T. Duncan when their daughter, Miss Maggie Duncan, became the wife of William Blankenship. The ceremony was performed by Rev. John Spencer, of the Baptist Church. The bride was gown in a handsome traveling suit. After the ceremony the happy couple left for the home of the groom, where a supper was served for the young couple and their many friends.
Rev. Dr. Lacy, of the Episcopal Church will commence a series of sermons at St. Paul's Episcopal Church in Curdisville the 2th of this month.
Mr. and Mrs. Irvin Egan, of Baltimore, are expected to spend the month of April with John Hooper. Their many friends are glad to have them in the neighborhood.
Mr. Oscar Morris has been called to the bedside of her mother and sister, who are very sick at their home in Oxford, N. C.
A gentleman said to-day he knew he had the best wife in the world. He was going to Florida with his last load of tobacco, turned to her and asked what he must bring her for a present, as he had been getting good prices for his crop; and she had not asked for a cent during the year. She said bring me a ten-cent package of dye.
We are having dreadful weather; ice and snow in abundance, and very cold; roads almost impassible.

Tutt's Liver Pills

It probably comes to every thoughtful person at times that there are plenty of common, mediocre people, and that if one determines to, he or she can press to the front, pass the crowd, and win position, fame and gold. It is largely a matter of determination and health. Many a determined character with brilliant possibilities, who has been a head of the class and that bright, keen thoughts refuse to come to their brains, and wonder why.

The kind of brain work that makes successful professional men makes heavy draughts on the filling of the mind. The cells of the brain, said filling is composed of a greyish sort of material which must be replaced day by day, or the brain and other parts of the body will not act properly.

Coffee is a hidden but powerful enemy to one's progress in life. Its subtle, narcotic poison weakens heart, interferes with digestion and has a definite and destructive effect on the nervous system. People who are content to load their selves with impediments to progress, who refuse to supply body with food and drink of the kind needed to make up for the daily disintegration of nerve and tissue, stand aside in the race for pre-eminence.

The ones who are properly fed win surely win the laurels.

Postum Food Coffee furnishes the gluten, iron and phosphates of grain needed by Nature to nourish brain and nerves with food. It does not narcotize and wear down. It is frequently misjudged on first trial because of improper preparation, but it will be found to be most delicious when served after, after boiling, commencing with one-half cup of water and allowing it to continue boiling for fifteen minutes. This is necessary to extract the food value and flavor.

There are those who are entirely careless as to what goes into the stomach, and others who would make all their movements tend toward health and possible greatness, cannot afford to risk adulterated food or drink or even coffee.

Mrs. Robert Tinsley left this morning for Springfield, Ark., and party in the spring will leave for a European tour.

Mrs. Mary Stratton has been enjoying a short stay at the Mardi Gras, and the latter part of this week will go to "Hell," Texas, where she will be the guest of Miss Nannie Gordon.

Miss Margaret Courtney is now in Charleston, enjoying the Exposition while the guests of Mrs. Robert W. Swann. Later she will visit friends in Montgomery, Ala.
